

ACTION ALERT!

SEND AN EMAIL TO YOUR NJ LEGISLATORS

We've shouldered the financial burden in this state for far too long. While corporate CEOs boast about record profits, our costs just go up and up — especially when it comes to our healthcare. And corporations and the super-rich get away with paying a lower tax rate than the rest of us, leaving us to make up the difference.

It's time to fix this!

Send an email to your legislators to tell them to fix our broken tax system so that people and corporations making over \$5 million per year pay their fair share in taxes so our communities are funded and we can contain skyrocketing healthcare costs as we bargain our next contract.

RALLY JUNE 18 FOR AFFORDABLE HEALTHCARE

It's time for our elected leaders to step up and put us before corporate CEOs—**healthcare premiums will be one of the biggest items on the table when we bargain our contract next year**, and we need real solutions to this issue now to contain costs.

STATE HOUSE ANNEX, TRENTON
JUNE 18 @ 12PM NOON
